Directions to the Biochemistry Department from the Salt Lake City Airport

- Take I-80 E toward OGDEN/PROVO
- Keep right at the fork in the ramp
- Exit 600 South
- Drive East on 600 South through numerous stop lights and stop signs until this road meets 1300 East at the top of a hill
- Take a left onto 1300 East
- Make your next right at the traffic light onto Foothill Blvd (500 South)
- Pass through two stop lights and prepare to turn left at the next
- Turn left onto Wasatch Drive
- Go straight through one traffic light and stay in the right lane
- You will pass under the white Legacy bridge
- Take your next right. (University Guest House will be on your right)
- Pass Fort Douglas Blvd on your immediate right.
- Take the next right onto Medical Drive South
- Drive uphill until you see a brick and white building on your left (Biomedical Polymers).
- Turn left onto 2030 E (immediately after Biomedical Polymers)
- Turn right again into the parking terrace.
- The Emma Eccles Jones Medical Research Building is directly east of the parking terrace (see map below).
- Exit the terrace on the north side. Either take the elevator to the 3rd floor or walk up the stairs and you will see the northwest main entrance to our building.
- The Biochemistry Department main office is on the 4th floor, room 4100 (a left turn as you come out of the elevator).

If you have any difficulty, please call 801.581.2117.
